Project Title: Implementation and migration of Core IT Infrastructure

Reference number of procurement: OAB/FSC/IT-CI/2021-01

e-Procurement Reference No.: FSC/IFB/2021/100

1. **Scope of Contract:**

In view of protecting its information system from failures, disasters and threats coming from all sides in growing numbers and complexity, the Financial Services Commission, Mauritius ('FSC') is upgrading its IT Infrastructure. The aim is to improve substantially service performance and availability, security and ease of recovery in case of failure.

The FSC requires computing devices and an end to end solution that can support the high availability, scalability and manageability needs of a complex data centre environment.

The Server and Storage technology to be chosen will be hosting the FSC production and disaster recovery environment for the next 5 years.

The FSC is soliciting proposals for the scope mentioned below:-

- i. Consolidation of server and storage infrastructure
- ii. Migration of existing VMWare Esxi 6.5 infrastructure to latest stable VMWare infrastructure.
- iii. Implementation of storage area network solution
- iv. Implementation of an end to end Backup and storage solution
- v. Consolidation of switching infrastructure
- vi. Disaster recovery implementation for all critical services identified (VMWare infrastructure)
- vii. Quality Assurance / transfer of knowledge
