

Financial Services Commission
Mauritius

COMMUNIQUÉ

Invitation for comments

In March 2013, the Financial Services Commission Mauritius (the “Commission”) had issued a concept paper on whether there is a need for the introduction of the Limited Liability Partnerships (“LLP”) in Mauritius.

The Commission had carried out a presentation to stakeholders and a consultation exercise on the concept paper. The concept paper and presentation may be consulted at-

[FSC-LLP-Concept-Presentation](#) and [FSC-LLP-Concept-Paper](#)

The Commission has since collaborated with the Ministry of Financial Services, Good Governance and Institutional Reforms and other government authorities on the introduction of Limited Liability Partnerships in Mauritius.

It has been suggested that the LLP structure to be restricted to the following professionals only:-

- Law Practitioners;
- Investment Advisers;
- CIS Managers;
- Actuaries
- Professional Accountants and Auditors;
- Engineers; and
- Architects.

In this regard, the stakeholders and the public are kindly invited to send their views and comments to the FSC Mauritius on consultation2016@fscmauritius.org by **20 June 2016 at 17.00 hrs.**
