**If you are passionate about training and want to make a difference in your community, we would like to hear from you!**

The Financial Services Commission, Mauritius ('FSC Mauritius') is the integrated regulator for the non-bank financial services sector and global business. It is mandated under Section 6(f) of the Financial Services Act 2007 to "promote public understanding of the financial system including awareness of the benefits and risks associated with different kinds of investment".

**Are you a teacher, youth group/community leader, financial services professional, retired, self-employed or are you interested in disseminating Financial Literacy to the public in Mauritius?**

The FSC Mauritius is looking for individuals to participate in its Financial Literacy Outreach Programme. Selected candidates will be required to follow the 'Train-the-Trainer' Programme.

In our programme, you will learn and experience, amongst others:

- How to teach financial education to students, young adults or elderly people;
- How to teach money and investment;
- Why effective financial education requires more than teaching people about budgeting and saving money as it also includes learning about investing in assets, financial protection and more, and
- Why learning how to manage money wisely involves learning how to practice sound financial habits.

Upon successful completion of the Programme, you will be enrolled by the FSC Mauritius on a freelance basis with incentives.

Applicants should possess a minimum HSC qualification. Interested parties are requested to submit their application on the prescribed form available at [www.fscmauritius.org](http://www.fscmauritius.org) along with their CV, bearing reference **ERFL/Train-the-Trainer 2016** (on leftmost of envelope) to:
