

Financial Services Commission
Mauritius

To: Directors
FSC Licensees

Dear Sir/Madam,

The FSC is working on the development of competency standards for the financial services sector. The standards development process will be done in a phased approach. The development of the competency standards is being initiated with the insurance sector. The exercise will be extended to licensees in the capital markets, fund management, global business and pension sectors at a later stage.

The FSC is inviting comments on the consultative paper with respect to the development of the competency standards for insurance salesperson, insurance agent and insurance broker.

Please use the comment template and send your comments by email to <competency@fscmauritius.org> on or before 6th December 2013.
