2. Definitions

3. Some Diversified IFCs

4. Mauritius – Some Figures

5. Why Diversification?

6. Challenges

7. Our Expectations

8. Conclusion
INTRODUCTION
Definitions

• IFCs play a significant role in bringing together users of capital and the providers of capital who happen to be in different locations. International as well as domestic market accessibility is thus important for any location to be an IFC;

• Market accessibility, amongst others, consists of volume and value of trading in equities and bonds, and the clustering effect of having many firms involved in the financial services sector together in one centre.
DIVERSIFIED IFCs
Examples of Diversified IFCs (1)

• London and New York are the top two IFCs in the world, followed by Singapore, Hong Kong and Tokyo;

• The top financial centres of the world are all well developed, sophisticated and cosmopolitan cities in their own right;

• London has the best financial sector development in the world;

• Tokyo, Hong Kong and Singapore have excellent access to international financial markets;
Examples of Diversified IFCs (2)

• Hong Kong is a highly diversified financial centre with its strengths in equities and banks;

• Singapore is very strong in foreign exchange markets and OTC derivatives;

• Tokyo has the largest stock exchange, foreign exchange and derivatives turnovers in the Asia-Pacific region;
SOME FIGURES FOR MAURITIUS
## Some Figures – Growth Contribution

Source: Statistics Mauritius - National Accounts - December 2014 issue
Note: * Provisional
Mauritius IFC

- Ranked 73rd in March 2016;
- An excellent banking sector;
- One equity market (Stock Exchange of Mauritius) and one Derivative market (Bourse Africa);
- A vibrant Insurance sector and a developing Private Pensions sector;
- A progressing Funds industry.
WHY DIVERSIFICATION?
Why Diversification?

- To fuel further development
- To attract a new type of investors
- To create jobs
- To sustain growth in the economy
- New product offerings
CHALLENGES
Challenges

- Availability of specialised professionals
- Knowledge when it comes to future development
- Technological expertise and availability
- Marketability of the jurisdiction
OUR EXPECTATIONS
Performance Criteria

- **Understanding:** As appropriate to task, the response demonstrates secure understanding of key elements, central concerns and significant details of the Topic. Technical accuracy is present as well as innovative ideas and creativity;

- **Analysis:** The response explains accurately and in detail ways the aspects of the Topic and the way it is discussed (Assessment of existing literature, concepts, provide statistics);

- **Expression:** Structure, style and language, including use of appropriate critical terminology, are deployed to communicate; spelling, grammar and punctuation are sufficiently accurate.
Technical Accuracy

• An essay which does not satisfy the requirement for “sufficient” technical accuracy cannot pass.

• The definition of “sufficiently accurate” is: Few errors will be present. The Topic question is well developed with clear indications on how to go about. Technicalities are well argued and presented (pros and cons provided where relevant). Statistics are provided to substantiate any argument and literature on the topic clearly discussed.
CONCLUSION
Overall

- Discuss the current Mauritius IFC;
- Discuss possible avenues for diversification;
- Challenges that will have to be overcome in order to make proposals a reality;
- Facts and Figures to substantiate any propositions.
Any Questions
